## Commissioner for Patents

Please provide ALL information disclosure statements again and including their exact publication dates to the examiner in your next response. This application has been kicked back from issue branch. This application is delayed publication from issue because applicants did not provide publication dates for many references in their IDS statements and this application will not issue until applicants provide ALL those missing publication dates for all references. Please thus provide all complete IDS statements with missing publication dates that you wish to be in the issued patent. Applicants cooperation in this matter is respectfully appreciated and the sooner the examiner can get these completed IDS statements with all missing publication dates for all IDS statements (all of them again) the sooner it will be issued. Thankyou.

Any questions regarding this communication can be made to Paul Marcantoni at 571-272-1373.
